

# Buckeye Home Health Care

**Buckeye Home Health Care** will keep you living in your home as independently as you want to while receiving the care you need. Because life is best lived when the choices you make are your own, we help provide you the options for health care services in your own home. We offer a wide range of therapy and skilled medical care available for you or someone you love. The staff that we maintain stays on call round-the-clock making sure that your health is kept in a manageable state.

# About Us

## We take care of your health!

At **Buckeye Home Health Care**, the care team is friendly, the services are accessible and your health is the priority. We look after your safety, fitness and well-being through the home health care services we provide. We are guided by your doctor's recommendation and we will help design a care plan that will respond to your health care requirements brought by illness, injury or age.

# Services

Our patients are individuals who choose to remain in their homes and benefit from home health care services. For homebound individuals, leaving home is so taxing that physicians will recommend them to avail of home health care services – so they can just stay in the comforts of their residences.

**Buckeye Home Health Care** provides care for those who are recovering from an injury, nursing a wound, managing a health condition or recovering from a major surgery
